

Initiating a commission

Here are some questions that you might find helpful to consider and make notes about before you contact me. Don't worry if you don't have all the answers – that's part of the fun of the discussion we can have.

1. What excites you about the idea of getting a piece made especially for you?
2. What are you looking for – table, sideboard, bench, etc
3. What is it that you want it to be able to do that you haven't been able to find elsewhere e.g. does it need to fit a particular space or store a specific item?
4. What images do you have in your mind about it – shape, colour, tone, design etc?
5. Do you have a preference for a particular wood – oak, ash etc?
6. Have you an idea about the size – height, width, depth?
